RUSH COUNTY IS AGAIN FAVORED

Three Points in Garden Spot
of Indiana Chosen to
Experiment

WITH HANDLING OF STOCK

Chief of Agriculture Department
will Demonstrate Losses and
Gains on Farm

Rush county, the garden spot of Indiana has again been favored by the Department of Agriculture, Bureau of Farm Management.

The management, under the direction of Chief W. J. Spillman, will give object lessons in twenty-four points in Indiana on actual results in handling stock and three of these points have been chosen in Rush county on the farms of Miesee brothers, D. C. Buell and T. A. Coleman.

At the former place work will be noted in the handling of cattle under a system of grazing, while at Mr. Buell's farm, silage will be brought into the ration in making Baby Beef. At this place work with sheep and hogs will also be carried on.

At the Coleman farm investigation for the cost of producing pork, beginning with the breeding of the sow through early developing period up to 100 pounds to 200 pounds, etc. Also the cost of the maintenance of the work horses will be secured.

The plan is for the assistant of Dr. Spillman to visit the farm once each month, weighing up daily rations, also the animals and compute the cost.

At the close, a bulletin will be published which will be of much interest and great value to farmers engaged in similar lines.

The Department of Agriculture is carrying on many other lines of investigation which are of much value but the bad feature is that so few farmers avail themselves of the bulletins which are free for the asking.

FELL UNCONSCIOUS IN THE ROADWAY

Young Man is Thrown from Horse
and Sustains Painful
Injuries

While riding horseback yesterday afternoon, Earl Smith, aged 21 years, of New Salem, was thrown from his horse while returning from the home of George Guffin. He fell heavily on the ground and was rendered unconscious for some time. Dr. Vern Logan, of New Salem attended the injured young man. He is confined to his bed, and is resting easy today. It has not been determined whether or not he sustained internal injuries.

LOCAL HALL OF FAME IS READY

The Amiable Frank J. Leaves for
the Battle Field with High
Hopes of Victory

Frank J. Hall left for Indianapolis today, where he will enter the fight for the Democratic nomination for lieutenant governor. The convention will be held Wednesday and Thursday of this week. Mr. Hall goes into the contest without a faction or even a "straggler" opposing his nomination, and of the three aspirants he is considered the most formidable and likely candidate.

WAS A NEIGHBOR OF THE WOMAN MURDERED BY SON

Mrs. Mary Gifford of this City
Attended Funeral Services
at Anderson

Mrs. Mary Gifford, of East Ninth street, has gone to Anderson to attend the funeral of Mrs. William M. Blake, who was murdered by her son Saturday.

Mrs. Gifford was formerly a next door neighbor to the murdered woman and one of the houses shown in the Star is the property of Mrs. Gifford. Mrs. Gifford was greatly shocked by the sad intelligence of the horrible tragedy.

DOG GONE HARD TIME FOR ROVER

Once he was the Household's
Cherished Pet, but now,—
Well Poor Creature

ASSESSING TIME IS HERE

And the Former Dandy is Kicked
and Cuffed about and Dis-
owned by Everybody

"Here, Rover Here, here! Come on old fellow. Well, he's just the nicest old doggie there ever was. He's just the best there can be. Stay down now, stay down. I don't want you to put your muddy paws on me. You're a good old dog, though, and I'll get you a piece of meat."

This is the way it was a month ago. "Get out of here, you measly low lived cur. What right have you to be hanging around here? Sic 'em. Git—this ain't no place for you. There you are, get off that lawn. I wish a policeman would come along and drag you off to the crematory."

That is the story as it is heard to day. What makes the difference? O, nothing much, only the tax assessor may be at the house next door and coming to your house in a few minutes. "I never saw so many disowned dogs in all my life. The town is overrun with them. It seems funny, though, that so many appear clean and well-fed. Don't see how this happens when nobody pretends to own them. See that bull-terrier there? His collar bears the name and address of his owner, but the man named told me last night he doesn't own a dog," remarked a deputy township assessor in telling of his trials.

The troubles of the assessors to locate the owners of dogs are many and because of the subterfuges resorted to, there will be a large number of canines to escape taxation. The majority of the dog owners do not understand the laws relating to the taxation of the pets. It is known, however, that if they own a dog they are supposed to pay for the privilege. The first of the amended dog tax laws provides that the owner is liable for the tax as soon as the dog becomes three months old, no matter what the season of the year, nor if ownership were acquired after the assessor made his rounds. A fraction of a year is regarded as an entire year.

The tax on each male dog is \$1 and on each female dog \$3. The assessor collects the tax and furnishes the owner with a receipt. The receipts are not transferable and as often as the dog changes owners a new receipt is obligatory on the new owner. For violation of the law the owner is liable to a fine of from \$5 to \$20. A false statement as to sex or harboring a dog without reporting it is punishable by a fine of \$100. If you harbor a strange dog by feeding or concealing it, and fail to pay the tax you are liable to the \$100 fine.

It is the duty of the assessor to keep all dog tax records and make a true report to the trustee. Any failure on his part makes him liable to a fine of \$20.

MOVE THE SHOW CASES GIRLIE!

Much Space is Required to
Show the New, Large
Spring Hats

MILLINERY OPENINGS HERE

The Many Modes and Colors that
will be Worn by Milady when
Easter Smiles

"Would you please move that show case girlie, I want to show this lady one of our new spring creations." This was the request one of the clerks in a Rushville millinery store made to another today. You think it's strange, eh? Well then you ought to see those "whoppers." In the floor plan of the new style creation broad rims, they resemble very much the ones worn by farmer lads during the harvest time. You know those "sun deflers" with the initial painted on them with red barn paint.

It was suggested today to one of the milliners who is making great preparations for the opening the latter part of the week that she utilize the large yard in the rear of the store, using it for a show ring like they "show off" horses at the stock yards. It would be a great "labor saver" in the matter of moving show cases, stands and counters every time a woman wanted to look at a hat.

To every woman—we speak knowingly—with the first breath of spring, comes a twin thought—a new hat. There must be something new to greet the brightness of awakening nature, the rejuvenating of the glories of earth, and something in keeping with the overwelcome, smiling springtime and all that sort of thing. While a man is satisfied to have a headpiece like other men are wearing, milady insists on having something decidedly different—a pattern hat if you please. The dear thing must have something exclusive, hence the great variety of trimmings, shapes, finery and delights in millinery. The lady shopper will have a large variety this spring to select from.

While the large hat is "all the money," a local authority declared today that the small close fitting hat was eminently correct and very stylish. Some of the larger hats will measure from tip to tip, thirty-six inches—but all women will not be a yard wide—and some of them are built on the plans of the Singer sewing machine building in New York City, for they are not only wide but high. Foliage, flowers, and feathers will be used as well as everything else but garden vegetables. Owls, fowls and birds from every land and clime will grace the hats of milady, arranged of course in an artistic manner so they will not look like a taxidermist collection. Many colors will be used but the smartest one will be Copenhagen, after the order of the popular Alice Blue of last season. Other shades will be worn, including several shades of brown, the elephant breathe shade of brown, the predominating. Toffee gray and cerise will also be popular. Leghorns and tuscans are nobby, smart and correct. The Merry Widow hat will be the "candy creation" and in a nightmare of fluffly ruffles, a pretty decoration scheme of wysteria, maiden ferns and hydrangea—what ever all of "that is."

The local shops are showing some very pretty hats and if the weather remains as it has been in the past few days great crowds will throng the various stores within the next few days when the spring openings will be given. Rushville is blessed in the matter of having talented and artistic trimmers and none but foolish go to the larger cities to buy for they can get the selection at home and at a considerable less cost.

In France a wife's earnings belong to her husband. If a woman earns \$5 by washing and ironing, or hundreds of pounds by a great painting or a popular novel, every halfpenny of it belongs to her husband. If she should happen to get possession of the money and put it in a bank, she could not draw it out without his written consent. It belongs to him to do with as he wills.

BIG MEETINGS WERE A SUCCESS

From Every Viewpoint Both

REPORT OF TREASURER

A. E. Martin Demonstrates that
Men of this Community are
Much Interested

It would be impossible to estimate the great good that the Men's Big Meetings have done for Rushville and Rush county this winter and they have been carried on without a loss to the committee financially as has been the case in cities even larger than Rushville.

The citizens of this city and county as well as visitors have contributed in a spirit of liberality at all times and the collection taken at the last meeting Sunday afternoon was the largest of all, demonstrating the fact that the men are not tired of these great meetings.

Yet no man has ever given a dollar who regretted it afterwards nor has any one ever paid for the good he has received at these meetings because it cannot be counted in dollars and cents.

A. E. Martin, treasurer of the board which had charge of these meetings, submits the following financial report of the meetings of the season:

ONLY TWO PUPILS TO FINISH SCHOOL

Out of a Class of Thirty who
Started in Primary
Together

It is quite a coincidence that of the original class of about thirty pupils that started in the primary class of the Rushville city schools in 1896, only two are completing the course in the required time in the local school. The greatest number have dropped out or have moved to other towns.

Some of the members of the old class are Misses Hazel Levinson, May Felts, of Charlevoix, Mich., Edna Young, Hazel Wicker, Anna Butler, Lillie Abercrombie, and Dick Smith, David Spritz, Charlie Irvin, Denning Havens, Posey Denning, and Robert Brewer. Of all the pupils who started at that time, only Miss Helen Sexton and Amos R. Baxter have finished the work in the Rushville schools; a few of the others are completing their work in some other schools.

WILD DUCKS ARE ON THE WING THESE DAYS

Wild ducks are going to their long home pretty rapidly these days. The past week has been good duck weather, the water has been just about right and some of the local sportsmen have made some big kills. Even Stewart Beale killed one.

TRIBUTE TO THE LATE SUPERINTENDENT GRAHAM

Memorial was Held this After-
noon at the Orphan's Home
Near Knightstown

A memorial service for the late Prof. Andrew H. Graham, former superintendent of the Indiana Soldiers and Sailors Orphans Home, was held in Lincoln Hall, this afternoon at 2 o'clock. The home band and choir furnished music and there were addresses by Dr. W. T. Scott, present superintendent of the home; George W. Duncan, of Greenfield, president of the board of trustees; Harry Watts, on behalf of the former trustee; J. H. Rounds, editor of the Journal published at the home, and Major H. H. Woods, financial officer. These men, except Superintendent Scott, were associated with Mr. Graham during his life as superintendent, and speak knowingly of his work and influence.

FESTIVAL OF ANNUNCIATION

Wednesday will be a Great
Feast Day in the Roman
Catholic Church

WORD WAS MADE FLESH

Virgin was Appraised that she
was to Become the Mother of
God at Nazareth

Wednesday is the day devoted to the annunciation of the Blessed Virgin Mary. In Great Britain this commonly called Lady day; in France, Notre Dame de Mars (Our Lady of March). This day is held in the Roman Catholic church as a great festival and in the Anglican church as a feast, in commemoration of the message of the Angel Gabriel to the Virgin Mary, informing her that the Word of God was become flesh. It is a very ancient institution in the Latin church. Among the sermons of St. Augustine, who died in 430, are two concerning the festival of the annunciation. The annunciation was made at the time the Virgin was living at Nazareth.

The calendar of the Anglican church gives the following: In representations of the annunciation, the Virgin is shown kneeling or seated at a table reading. Her emblem, the lily, is usually placed between her and the angel Gabriel, who holds in one hand a scepter surmounted by a fleur-de-lis on a lily stalk; generally scroll is proceeding from his mouth with the words "Ave Maria plena," and sometimes the Holy Spirit, represented as a dove, is seen descending towards the Virgin.

There is an idea prevalent among a few that the Roman Catholics worship the Virgin Mother; this is wholly erroneous, for they only hold a deep regard and respect for her as she was the mother of God when the "Word was made flesh."

EVERYBODY TALKS ABOUT RUSH COUNTY

The Columbus Republican published at the home of Hon. Hugh Th. Miller, says: "The home counties of all the candidates are making preparations to send big delegations to Indianapolis for the State convention. Rush county will charter several interurban cars and will send a mammoth delegation to Indianapolis to work for James E. Watson. Already Rush county is planning to have one of the biggest delegations ever seen from an outside county at the State gathering."

PLAYMATE OF GEN. U. S. GRANT

Is Distinction Claimed Mrs.
B. L. Conner, of Richland
Township

PHOTOS OF GRANT HOME

Presented to Court House Custodian for Art Gallery in
Sheriff's Room

Mrs. B. L. Conner, of Richland township, was in this city today and brought two pictures to add to the court house gallery. One of the pictures is the birthplace of Gen. U. S. Grant and the other is the picture of the tanyard where the former president learned his trade under his father, a tanner of the old school.

Mrs. Conner, who is now 71 years of age, has the distinction of having been born and raised in the same town with Gen. Grant, at Georgetown, Ohio, and played with him almost every day in his home and at school when they were children together. She recounts many interesting experiences with the great soldier statesman.

After they grew up Mrs. Conner came to Indiana and Young Grant started out into the world and carved for himself a name which is known in every land and clime and which today is honored as that of our greatest general in the Civil war.

It was because of this early association that Mrs. Conner felt that she would like to donate the old pictures of the Grant home to the court house art gallery and she presented them to the court house custodian today to be framed and hung beside the other pictures of interest in the sheriff's ante-room.

RUSHVILLE MOST BEAUTIFUL CITY

He has Ever Seen in all his
Travels says Railroad
Engineer

George Wood, who has been the guest of John and Pete Demmer for several days, left this morning of his home in Memphis, Tennessee.

Mr. Wood is a railroad engineer and in the past six years has visited every State in the Union save three and before leaving today he stated that of all the cities he had visited, Rushville was the most beautiful place he had ever seen. Not only was he impressed with its beauty but he also stated that Rushville people were the most sociable people he had ever met. He said that after here only a few days yet he felt like he was leaving home to go away. Mr. Woods expressed a desire to locate in this city in the future.

BY THE WAYSIDE

No matter how disagreeable your work, or how much trouble you may have, resolve that whatever comes to you or does not come to you, you will not allow your disposition to sour; that you will face the sunlight, no matter how deep the shadows. You can make poetry out of the prosiest life and bring sunshine to the darkest home. It is not circumstances so much as attitude of mind that gives happiness.

Who can estimate the value of a nature so sunny that it attracts everybody? Everyone likes to know sunny people. They open, without effort, doors which morose natures are obliged to pry open or perhaps cannot open at all. Get happy. Stay happy. And spread the smile around.

AN OVERSEAS FEUD

Diminutive Korean Resorts to
Methods of Assassin In
San Francisco.

SHOT DIPLOMATIC ADVISER

Former Western Counsellor of the
Korean Government Shot Down
at the Ferry Station.

Assassin Gave as His Motive That
the American Was in the
Service of Japan.

San Francisco, March 24.—With the
revolver of the would-be assassin con-
cealed in a handkerchief, D. W. Stev-
ens, formerly counsellor to the Jap-
anese embassy at Washington, but for
several years diplomatic adviser to the
Korean government at Seoul, was shot
and seriously wounded as he was
about to leave for Washington. Three
shots were fired at Mr. Stevens from
a 32-caliber revolver by I. W. Chang,
a diminutive Korean. The first bullet
missed the diplomat and accidentally
struck and perhaps fatally wounded
M. W. Chun, one of the three or four
Koreans who were lying in wait for
Mr. Stevens. The other two shots
took effect in Mr. Stevens' back, one
bullet striking him under the right
shoulder blade near the spinal column
and the second a few inches lower.
While the wounds are serious, it is
stated that the chances for Mr. Stev-
ens' recovery are good.

The motive for the murderous attack
apparently arises out of the resent-
ment of a small group of local Koreans
to the Japanese protectorate over
Korea, who sought to avenge their
country for the important played in
the reorganization of its government
by Mr. Stevens. Sunday night he was
attacked at the Fairmont hotel by a
delegation of four or five Koreans who
had called to see him with reference to
an interview in which he had praised the
work of the Japanese in Korea. Mon-
day as he and Consul General
Koike stepped from an automobile at
the ferry station, three or four Jap-
anese were waiting for him. As the
consul general stepped to the front of
the automobile to look after some bag-
gage, one of the Koreans, later identi-
fied as Chun, stepped up and struck
Mr. Stevens a vicious blow in the face.
The diplomatist immediately started
in pursuit of his assailant, when Chang
drew from his pocket what to several
witnesses appeared to be merely a
handkerchief, but who were quickly
undecided as three shots in rapid suc-
cession came from it and directed at
Mr. Stevens. The first shot missed
the diplomatist and brought Chun
down with a bullet through his right
lung. The other two were better di-
rected and struck Mr. Stevens.

Chang, who is a diminutive type of
the Korean, and about as large as a
twelve-year-old boy, says he is thirty
years old and has been in this country
for two years, coming from Hawaii.
He freely admitted shooting Mr. Stev-
ens. "Yes, me shot him," he said to
a reporter. "Me sorry no; him no
good, him help Japan. Bimebye Korea
alle same Japan."

He said he had read about Mr. Stev-
ens in the Japanese newspapers and
had recognized him from a picture pub-
lished. It was learned that a small
band of Koreans had been on Mr. Stev-
ens' trail ever since he arrived, last
Friday. Inquiry was made at all the
principal hotels by them until they lo-
cated him at the Fairmont.

Chang is in a cell at the city prison.
No charge will be placed against him
pending the outcome of Mr. Stevens' injuries.

"A Martyr," Says Japan.

Tokio, March 24.—If the attempt to
assassinate Durham W. Stevens in San
Francisco by young Koreans is suc-
cessful, Stevens will die a martyr to
the cause of Korea, in which he was
deeply interested. It is believed here
that the attempted assassination was a
blow aimed indirectly at Marquis Ito
by the disgruntled element who pre-
vented the continuance of the former
regime, which Ito continually denounced
as a corrupt ring. Stevens was Ito's
chief adviser and close friend.

Excluded From the Mails.

Paterson, N. J., March 24.—Presi-
dent Roosevelt states in answer to an
appeal from Mayor McBride to exclude
"La Question Sociale" from the mails
for the purpose of suppressing the pub-
lication, that besides directing that the
newspaper be denied the use of the
mails, he has requested the depart-
ment of justice to make every effort
to prosecute criminally those respon-
sible for the publication. "La Question
Sociale" recently published an appeal
of inflammatory character which re-
sulted in the action taken.

Serious Southern Storm.

New Orleans, March 24.—As a result
of a heavy wind and rain storm which
has raged in portions of Louisiana,
Mississippi and Alabama during the
last twenty-four hours, much property
has been destroyed, many persons
have been injured and at least one per-
son has been killed. Hurricanes have
been reported from East Feliciana pa-
rish, Louisiana, and Jefferson Davis
county, Mississippi, while much dam-
age has been done in the neighborhood
of Flomaton, Ala., by heavy rains.

STATES' RIGHTS REDUCED

Supreme Court Hands Down Another
Far-Reaching Decision.

Washington, March 24.—In refusing
to grant to Attorney General Young of
Minnesota a writ of habeas corpus re-
leasing him from the penalty imposed
by the United States circuit court for
the district of Minnesota on the charge
of contempt of court in instituting a
proceeding in a state court for the en-
forcement of the railroad rate law af-
ter the federal court had prohibited
such a course, and in affirming the de-
cision of Judge Pritchard of the United
States circuit court for the western
district of North Carolina, discharging
from imprisonment James H. Wood, a
ticket agent of the Southern railway
at Asheville after he had been sen-
tenced by the Asheville police court to
serve a term on the rock pile on the
charge of collecting for a ticket on
that road a greater price than was per-
mitted by the state railroad law, the
supreme court of the United States
has added another to the series of de-
cisions which have rendered notable
the present term of that court.

In both cases the right of the states
to fix rates for railroad transportation
was the issue and both involved con-
flicts between the federal and the state
courts. The decision in each case was
opposed both to the states and to their
courts. The opinion of the court in
both cases was announced by Justice
Peckham, and with the exception of
Justice Harlan, all the other members
of the court stood behind him in the
announcement of the court's finding.
Justice Harlan read a dissenting op-
inion in the Young case in which he took
the view that the suit was practically
a proceeding against the state and
therefore not permissible under the
eleventh amendment to the constitu-
tion. He therefore characterized the
opinion as era-making in the history
of the court, said it had the effect of
closing the courts of a state against
the state itself, and predicted that the
result would be disastrous.

The two cases were so similar that
both practically were decided in one
opinion. The principal pronouncement
was made in the Minnesota case.

SENT TO JAIL

Two Pittsburg Bankers Could Not Give
Bond on Embezzlement Charge.

Pittsburg, March 24.—Williams
Folds, United States bank examiner,
acting under advice of United States
District Attorney J. W. Dunkle, made
two informations against John Young,
auditor of the Farmers' Deposit Na-
tional bank of this city, and Henry
Reiber, paying teller, charging them
with embezzling and misapplying
\$85,000 of the bank's money. Young
and Reiber were arrested and given a
preliminary hearing before United
States Commissioner W. T. Lindsey.
In default of \$25,000 bail each they
were committed to jail. Mr. Reiber
has been connected with the bank for
thirty-two years, and Mr. Young for
twenty-five years. Both enjoyed the
confidence of all of the officers and
directors of the bank. The institution
has a capital stock of \$6,000,000, a sur-
plus of \$2,000,000 and total resources
of over \$34,000,000.

* Sensational Rumor Denied.

Port Au Prince, March 24.—A report
has gained considerable currency here
that a woman named Mme. Galette,
who was arrested on March 13 on a
charge of having influenced soldiers
to become disloyal, died in prison after
torture. The government officials
when questioned regarding the rumor,
denied it absolutely.

Do You Open Your Mouth

Like a young bird and gulp down what-
ever food or medicine may be offered you?
Or, do you want to know something of the
composition and character of that which
you take into your stomach whether as
food or medicine?

Most intelligent and sensible people
now-a-days insist on knowing what they
employ whether as food or as medicine.
Dr. Pierce believes they have a perfect
right to insist upon such knowledge. So he
publishes, broadcast and on each bottle-
wrapper, what his medicines are made of
and verifies by analysis. This he feels
he can well afford to do because the more
the ingredients of which his medicines
are made are studied and understood the
more will their superior curative virtues
be appreciated.

panied, oftentimes, with a debilitating,
pelvic, catarrhal drain and kindred symp-
toms of weakness, Dr. Pierce's Favorite
Prescription is a most efficient remedy.
It is equally effective in curing painful
periods, in giving strength to nursing
mothers and in preparing the system of
the expectant mother for baby's coming,
thus rendering childbirth safe and com-
paratively painless. The "Favorite Pre-
scription" is a most potent, strengthening
tonic to the general system and to the
organs distinctly feminine in particular.
It is also a soothing and invigorating
nervine and cures nervous exhaustion,
nervous prostration, neuralgia, hysteria,
spasms, chorea or St. Vitus's dance, and
other distressing nervous symptoms at-
tendant upon functional and organic dis-
eases of the distinctly feminine organs.

A host of medical authorities of all the
several schools of practice, recommend
each of the several ingredients of which
"Favorite Prescription" is made for the
cure of the diseases for which it is claimed
to be a cure. You may read what they
say for yourself by sending a postal card
request for a free booklet of extracts
from the leading authorities, to Dr. R. V.
Pierce, Invalids' Hotel and Surgical In-
stitute, Buffalo, N. Y., and it will come to
you by return post.

THE LAWYER'S OPINION.

A Kansas City corporation had a controversy with a firm doing busi-
ness in an Eastern city, and having received a letter [threatening suit
took it to their attorney for consultation.

The lawyer, a plain, blunt spoken man, looking at the sheet of paper
on which the letter was written, said:

"Why do you do business with third rate people, you ought to know
that in so doing you are inviting trouble."

"But" answered the client, "the firm is not third rate; they are quoted
as being worth a million dollars."

"I don't care how they are rated" replied the lawyer, "they may have
ten million dollars and I would still say they are third rate in feeling,
character, and dealings, because their third rate stationery tells on them.
Look at it! cheap paper, dauby printing. No business house of any self-
respect would use it. Better settle and be done with them and hereafter
don't do business with such cheap people."

The above is no fairy tale but an actual occurrence, and we could
furnish the name of the parties to the transaction. We cite it only for
the purpose of illustrating that poor printing, be it catalogue, booklet,
folder or office stationery is a positive detriment to any business.

Here's Where We "Butt" In.

We are merchants—we sell printing the same as the clothier sells
clothes, and the grocer sells groceries.

We can't sell shoddy printing for the same reason that the high grade
grocery can't mix his sugar with sand or sell sloe leaves for tea.

And if we didn't sell the best printing that is made we wouldn't expect
to rank commercially with leading firms in other lines of trade in Rush-
ville.

It's not only a matter of principle but of good business policy and do-
ing the best work is our way of demonstrating it.

There are printers in this city who are spoken of as the cheapest place
in town, "but for goodness sake don't give them any work you want
done nicely."

We prefer to have it said, "go to the Daily Republican if you want
the best work—they charge a little more, but you can always depend on
a bang up good job."

We employ no solicitors, but on request by telephone or post Mr.
Feudner will call upon you and arrange the details of such work as you
may desire.

LIVING IN DREAD

Chief Witness For Defense In
Ford Case Shot at
From Ambush.

FEUD BETWEEN FAMILIES

Son of Edward Ford Narrowly Escaped
Death at Hands of Hidden
Would-Be Assassin.

Those Acquainted With the Feud
Would Not Be Surprised to
Hear of Tragedy.

Bloomington, Ind., March 24.—Donald Ford, the sixteen-year-old son of Edward Ford, the "Bad Man from Jackson Creek," who last November killed Joel and Frank McCoy, father and son, at a wood-chopping near Unionville, was fired upon from ambush while he was on his way from Trevlo, where he had gone with a load of corn. Young Ford has charge of the farm at Brummetts creek, while his father is in jail here awaiting trial. He is to be the most important witness for the defense, as he will swear the killing was in self-defense.

The would-be assassin was hidden in the woods alongside the road and fired only one shot. The bullet was from a 32-caliber revolver and was imbedded in the bed of the wagon, four inches from the seat on which the boy sat. The boy came to town and consulted with his father and attorney and with the officers. He says he lives in mortal dread of being shot by friends of the McCoy's, and those who are acquainted with the feud existing between the families say they would not be surprised at any time to hear of another tragedy.

The trial of the father was set for Monday in the circuit court, but was not called owing to the inability of Attorney Henry N. Spaan of Indianapolis, who is to assist in the defense, to be here. It is not known when the trial will be called. The McCoy's have retained J. E. Henly to assist in the prosecution, and the trial promises to be one of the most interesting in the history of the county.

HINGES ON MARION COUNTY

State Convention May Be Ruled by Indianapolis Delegates.

Indianapolis, March 24.—Democrats are flocking to Indianapolis from all parts of Indiana for their state convention, which will open Wednesday morning at 11 o'clock. The candidates for the governorship—and there are seven of them—have opened headquarters at the Grand hotel with a bunch of boosters in charge. These headquarters will remain open night and day until after the nominations are made.

Unanimity prevails that the coming convention will be the greatest held by the party in a dozen years. Not since 1892, if ever, has there been such rivalry for places on the ticket and so much feeling over the outcome of the fight for organization. Just now all the out-of-town politicians have their eyes focused on the Marion county primaries. Not until it is ascertained which slate is successful here will it be possible for the candidates to make their combinations.

The Wednesday morning session of the convention will be brief unless something unforeseen arises. It is the intention to meet and appoint a committee on organization and then adjourn until evening. In the afternoon the delegates will meet by districts in various rooms of the statehouse to select district delegates to the Denver convention. The outcome of these meetings will determine the contest for national committeeman from this state. After this is ascertained the candidates will know something about where they are "at."

The keynote address by Robert W. Miers of Bloomington, former congressman from the Second district, will be delivered at the night session. All committees will make report except the one on platform. The decks will then be cleared Thursday for the adoption of a platform and the nomination of candidates.

Illegal Fisherman Wounded.

Warsaw, Ind., March 24.—While resisting arrest when caught in the act of illegal fishing, William Deerwester was shot by Deputy Game and Fish Commissioner Fleming of Columbia City. Deerwester, in company with Melvin Randels, was discovered on Eagle lake. The latter surrendered, but Deerwester attempted to escape in a boat after striking Fleming on the head with an oar. A shot, however, rendered him helpless. He probably will recover.

Body Not Recovered.

Anderson, Ind., March 24.—Searching parties have vainly tried to recover the body of Arnold T. Redmond, nineteen years old, of this city, who was drowned in White river Saturday last, while he was trying to recover a duck which he had shot.

Serious Loss to Village.

Walton, Ind., March 24.—Fire destroyed the Dutchess and Betts blocks and for a time it seemed as if the whole village would be swept away. The loss on the two blocks will amount to \$10,000, with small insurance.

FEMALE RAFFLES

Beautiful French "Countess" the
Author of Mysterious
Hotel Robberies.

HAD OPERATED FOR YEARS

One of the Most Audacious and Successful Hotel Thieves Ever Known
Has Been Revealed.

The "Countess Montiel" Was Finally
Overcome by Her Eagerness
For Sparkling Loot.

Paris, March 24.—A series of mysterious hotel robberies on the Riviera, extending over many years, has been explained in the arrest of the beautiful, dashing but masquerading Countess of Montiel. For years she has entertained lavishly both at Paris and the Riviera. Her wealth and jewels have drawn comment and admiration from far and near. She now is declared one of the most ingenious, successful and audacious hotel thieves that has ever troubled the hotel proprietors of France. Her arrest at Nice reveals her, not as the captivating, brilliant countess, but as a thoroughly up-to-date burglar, carrying concealed in her bewitching garments an array of burglar's implements of intricate workmanship, which opened to her any hotel room on the Riviera, which she knew to contain wealth of money and valuables.

Wherever the countess stopped there were always mysterious robberies to baffle the police. Valuables disappeared from the rooms of rich Americans in most puzzling manner, for the doors were all found locked and the windows fastened. Gradually but vaguely the faintest haze of suspicion began to be directed toward the Countess of Montiel. The cautious agents of the department of French surety investigated quietly the history of the countess. They found that she had been born of a respectable French family and that her maiden name was Amella Condemine. She married a man named Portal and came to live in Paris. Afterward they separated and Mrs. Portal went to the United States. Two years later she returned to France as the Countess of Montiel. For several years she held brilliant sway in society. She visited the leading watering places on the continent, but especially the winter resorts in southern France.

It was several years ago that the first thoughts of police suspicion drifted toward the countess, and her sensational arrest at Nice at one of the famous hotels is the culmination of long, patient watchfulness by the French detective service. Her undoing came in a moment of over-eagerness to rob. Waiting detectives found her enveloped in a long and beautiful cloak, bending over the door of the room of a wealthy American tourist. When the woman was searched the police found hidden in special pockets of her clothes, pinchers, files, skeleton keys, screwdrivers, and no fewer than twenty-seven pairs of small, delicate nippers used by burglars to unlock and lock a door with its own key when the key is on the inside of the door. The detectives will seek to prove, moreover, that the masquerading countess was in fact the active director of a band of hotel robbers, mostly men, some of whom have been arrested and whose aggregate loot is of great financial value.

PARIS WAS "EASY"

How an Obscure Waiter Played Great
Capital for His Oyster.

Paris, March 24.—A sensation has been caused by the arrest here of a man named Henri Rochette on the charge of conducting successful swindles on an enormous scale. Rochette was at one time a waiter in an obscure French town. He came to Paris to seek his fortune, in which he was eminently successful so long as he could keep out of the clutches of the law. He founded the Franco-Spanish bank and floated not less than a dozen mining enterprises in which he was a director and whose stocks were eagerly purchased by French investors. It now develops that his methods were fraudulent and the complaint against him alleges that he has stolen over \$12,000,000 through the medium of his various companies and societies. He is compared to the celebrated Madame Humbert, but with the difference that while Madame Humbert borrowed money in order to pay interest on previous loans, Rochette defrauded by continually organizing new companies and issuing new stock. It is charged that he manipulated the assets of his companies by means of false balance sheets.

Coincident with Rochette's arrest the quotations on the stock of the companies in which he was interested experienced a heavy decline.

The affair appears likely to develop into a big scandal. It is stated that several prominent politicians are involved in the dealings of Rochette, who threatened the examining magistrate with the name of an influential senator. A large number of brokers have suffered considerable financial loss through the arrest of Rochette. They had been instructed to buy up shares in his concerns which showed a tendency to slump.

The following letter from Postmaster Ben. L. McFarlan is of interest to all our subscribers who receive their paper by mail:

To The Publishers of The Republican:

Your attention is called to the following changes in the Postal Laws effective April 1st, 1908.

They shall not be counted in the legitimate list of subscribers and copies mailed on account thereof shall not be accepted for mailing at the second class rate of postage of one cent a pound, but may be mailed at the transient rate of one cent for each copy, prepaid by stamps affixed. The right of a publisher to extend credit for subscriptions is not denied or questioned, but his compliance or non-compliance with this regulation will be taken into consideration in determining whether the publication is entitled to transmission at the second-class postage rates.

To make a long story short the sum substance of the letter is "Pay Your Subscription in Advance."

This course is not a law of our own but of Uncle Sam's and there is no getting around it by us, if we want to send our papers through the mail.

On April first (time set by Uncle Sam) we will have to discontinue all papers that are not paid up to that time, (April 1st, 1908.)

We would ask that any subscriber whose red tag on the paper does not read "paid" or later, give this matter their immediate attention. Remember this is Uncle Sam's law, not ours.

RUSHVILLE, INDIANA, MARCH 24 1908

INDIANA POLITICS

BY ROBERT G. TUCKER

Indianapolis, Ind., March 24.—The announcement was made at a meeting of the Indiana branch of the Hearst Independence League that a full state ticket would be put in the field by the league, and that county tickets would be put up in various parts of the state. Action will not be taken, however, until after both the Democrats and Republicans have made their nominations and adopted their platforms. Permanent headquarters will be opened, it is said, in the English hotel. The principal speaker at the meeting, which was attended by about a half-hundred workers, was C. A. Walsh of Chicago. He reported that the league was making gains in various parts of the country, and that an efficient organization would be built up in Indiana.

On the eve of the Democratic convention the rival candidates for the nomination for governor have made the following claims:

Samuel M. Ralston—I will poll not fewer than 500 votes on the first ballot and will, in my judgment, be nominated very soon thereafter—not later than the third ballot.

Thomas H. Kuhn—We have made a high-minded, dignified, Christian campaign. * * * We expect to go into the convention with a substantial following, which will increase steadily until I am nominated.

Thomas R. Marshall—I have made no canvass. * * * I don't want this nomination if I will not be able to get the combined support of the party. I would much rather be defeated now than next November, and save six months of hard work.

L. Ert Slack—I am very well satisfied and that's about all.

William O'Keefe—Marshall county is solid for me and aside from that I have made no canvass.

C. G. Conn by R. E. Proctor—We are confident of Mr. Conn's success in the convention, but I will not venture an expression as to what ballot he will be nominated on.

C. K. McCullough—All that I care to be quoted on at this time is that I believe my chances are as good as the rest of them. Further than this I do not care to predict. As to the ballot, I cannot say.

Senator L. Ert Slack of Franklin, Fourth district candidate for the Democratic nomination for governor, has several hundred rooters from the Fourth district on hand today. The district is giving him loyal support. Samuel Ralston of Lebanon has made a public announcement that he would win on the third ballot. C. G. Conn, the Elkhart millionaire, arrived today with a large delegation from his own district. He is expecting a large number of votes in this county. Thomas R. Marshall of Columbia City, the Twelfth district entry for governor, has a number of very loyal supporters here from his own district who feel that he has a fine chance to land the nomination. Marshall's ability as a campaigner is being heralded by his friends as a reason for nominating him. They say that under the existing conditions he is the logical candidate.

The candidacy of William B. Westlake of Marion for national committeeman to succeed Thomas Taggart, has been announced. Westlake is a well-known newspaper man. The Eleventh district is behind his candidacy. Jas. K. Risk may be a candidate for national committeeman if Taggart loses.

It is believed that the outcome of the race for governor on the Democratic ticket hinges on the result of the primaries here tonight. In every ward an unusual effort is being made to get out the vote. In some wards there are as many as five different slates of delegates in the field.

Benjamin F. Shively of South Bend, who is a delegate to the convention, arrived last night. He may be made chairman of the platform committee. The leaders are divided as to the declaration to be made on temperance, but a majority seem to be opposed to county local option.

Watson Beauty Bunch will go to Republican State Convention in Royal Style

The "Watson Beauty Bunch" will hold a business meeting tonight at the home of Miss Mae Bebo in North Morgan street. What? Can't hold a business meeting. Betcher life they can, for they have just passed through a strenuous ordeal of largely assisting in making a governor, and that's no little task.

Arrangements will be completed tonight for the fair bunch to march on Indianapolis April 1st, where they will occupy a prominent position on the stage of the convention hall that they may be present and see some of the effects of their handiwork. Incidentally they will occupy elegant quarters at the Olapool hotel—while the sun is shining—and will be treated to a victory banquet in the cafe following the convention. John A. Titworth, of this city, will chaperon the crowd.

DAYS THAT ARE NO MORE.

TEARS, idle tears, I know not what they mean,
Tears from the depth of some divine despair
Rise in the heart, and gather to the eyes,
In looking on the happy autumn fields,
And thinking of the days that are no more.

Fresh as the first beam glittering on a sail
That brings our friends up from the underworld,
Sad as the last which reddens over one
That sinks with all we love below the verge,
So sad, so fresh, the days that are no more.

Ah, sad and strange as in dark summer dawns
The earliest pipe of half-awaken'd birds
To dying ears, when unto dying eyes
The casement slowly grows a glimmering square,
So sad, so strange, the days that are no more.

Dear as remember'd kisses after death,
And sweet as those by hopeless fancy feign'd
On lips that are for others; deep as love,
Deep as first love, and wild with all regret,
Oh, death in life, the days that are no more.

The lazy man will soon be putting in his garden—a lettuce bed. You don't have to hoe lettuce, you know.

The Democrats are now grinding their axes for the State convention Wednesday and Thursday.

When Ben Adams asks a man if he wants his grass cut, spring is surely here.

The men folks can see what they buy this spring in women's hats. Some measure thirty-six inches from tip to tip.

When father has a cheerful, happy disposition, it indicates that mother is the one who tries to save the money.

What has become of the old time sarsapilla drinker, who used to color his blood a pretty red every spring?

Did you ever notice that the more impracticable and hopeless an ambition is, the more energy a fool will put into it.

Why not put a cravatette finish on the ladies large hats this year and use them for combination hat and umbrella.

Now is the time for the local theatre manager to book "Ten Nights in a Bar Room," or Hoyt's "A Temperance Town."

You seldom see a man so honest that he says to his wife, "Where did I leave my hat?" He usually says: "Where did you put my hat?"

Don't make any other arrangements for April 1st and 2d, but to go to the State convention to boost "Our Jim" and be on hand and in good voice after the second ballot to cheer for Watson, Indiana's choice to head the Republican ticket.

NOTHING HEARD OF THE MISSING MAN

Theory that Jake Butts went to Missouri is Exploded after Investigation

Letters were written to Missouri, where it was expected Jake Butts would turn up, but no reply has been received. He disappeared from Richmond rather mysteriously several weeks ago and was thought at the time he suicided. The family here have again given up hope, and are of the opinion that he has killed himself in a moment of despondency.

ATTENDING A MEETING OF BETHANY PARK DIRECTORS

George C. Wyatt, who is one of the directors of the Bethany [Park Assembly], went to Indianapolis today to attend the regular meeting of the board of directors.

The matter of a State teachers' training class will come before the meeting and an effort will be made to bring about this result.

Get busy, go with the crowds to the Grand, you're missing something good if you don't.

AN ELECTION PRIMER

Pertinent Points About Our Election Machinery For New Voters and Old

THE VOTER.

Who is entitled to vote in national, state and local elections?
Any male citizen who has reached the age of twenty-one years.

How about the women?

In the four states of Colorado, Idaho, Utah and Wyoming any woman who has reached the age of twenty-one years is entitled to vote on all matters at all elections, her privilege of suffrage being identical with that of the men.

Are there no other states in which women may vote?

Very limited woman suffrage prevails in nineteen other states. In Kansas it is restricted to voting on school matters and at elections for municipal officers. In Montana and Iowa women may vote on the issuance of municipal bonds. In Montana, Michigan, Minnesota, New Hampshire, Oregon, Massachusetts, New York, Vermont, Nebraska, Wisconsin, Washington, Arizona, New Jersey, North Dakota, South Dakota, Connecticut and Ohio women have school suffrage.

Can Chinese in the United States vote, if naturalized?

An act passed by congress in 1882 expressly prohibits the naturalization of Chinese.

By what right do negroes vote?

By the right conferred upon them by the fifteenth amendment to the national constitution, which reads, "The right of citizens of the United States to vote shall not be denied or abridged by the United States or by any state on account of race, color or previous condition of servitude."

The I. & O. excursion to Indianapolis began this morning.

Luther Butts, who took a position with Hyman Schatz and is now "junking" for a livelihood, met with misfortune the first day out. He lost three dollars worth of rubber near Fairview and the past five days he has put in his time "rubbering" up and down the road for the lost material.

SHOT AND KILLED CLOSE TO MANILLA

In an account of the death of Mrs. Martha Grover Stevens, of Greensburg the aged mother of J. M. Stevens, of this city, the Greensburg News has a brief account of the death of her husband, which occurred in this county and which many old soldiers will remember. It says in part:

It was on January 18, 1863 that her beloved husband, John Frank Stevens, serving as deputy under United States Provost Marshal John J. Minton, engaged in the drafting of men for the Union Army, was shot and killed from ambush near Manilla, Rush county. Her brother, Ira G. Grover, was a colonel in the 7th Indiana, and a son, John M. Stevens, shouldered a musket in the cause of his country."

AN UNSEEMLY SQUABBLE

Wrangle in House Over Authorship of a Bill.

Washington, March 24.—A scene somewhat out of the ordinary was enacted in the house of representatives Monday because of a charge made by Mr. Mann of Illinois that Mr. Sulzer of New York had put in the Congressional Record what purported to be a speech delivered by him last Saturday, but which Mr. Mann charged was not the one delivered. It all had to do with Mr. Sulzer's claim that he and not Mr. Mann was the author of the legislation which brought the department of commerce and labor into being. A resolution offered by Mr. Mann to expunge the printed speech from the Record was adopted by a strictly party vote, but not until after the house had been treated to a bitter denunciation of Mr. Mann by Mr. Sulzer and several lively tilts between the latter and the speaker. Mr. Sulzer characterized Mr. Mann as a "pettifoggery lawyer, mean and contemptible," for which he was called to order by the speaker with the admonition that such language could not be used toward a member. Twice afterward in seeking to justify his claim of authorship, he was interrupted by the speaker with a similar warning. Anticipating that his speech would be ruled out and with the view of getting it back into the Record, Mr. Sulzer resorted to a piece of strategy by trying to have the speech read and later endeavoring to read it himself, but the speaker insisted that he could only address himself to the resolution to expunge.

Smarting under the action of the Republicans, Mr. Sulzer for the rest of the day posed as an obstructionist. He objected to all unanimous consent propositions, and halted the proceedings of the house for a considerable time by a point of no quorum.

After passing a number of measures relating to the District of Columbia, the house at 4:01 p. m., adjourned out of respect to the memory of the late Senator William James Bryan of Florida. The senate adjourned upon formal notice of Senator Bryan's death.

Porto Rican Editors Indignant.

San Juan, Porto Rico, March 24.—The indictment that was returned on March 21 against two priests named Vega and Janices, the editors of a Catholic publication, for printing an article in which it was asserted that persons contracting marriages under the civil law live in a state of concubinage and that their children are illegitimate, has been quashed, it having been found that the federal statutes do not cover this offense. The newspapers of Porto Rico are expressing indignation against the Catholic publication in question.

Japanese Shipping Disaster.

Tokio, March 24.—The Matsu Maru, an 800-ton coasting steamer belonging to the Tussen Kaisha line, was sunk in a collision with the Hideyoshi Maru of 696 tons, two miles off Todohokke, near Hakodate. The captain of the Matsu Maru, a majority of her 244 passengers and forty-three of the crew perished. The total loss of life is estimated at 250.

Held as Bank Robbers.

McCloud, Okla., March 24.—James Lee and Lee Elerick, both of McCloud, Okla., have been arrested on a charge of robbing the State bank of Hoffman, several days ago. The robbery had been charged to a gang which is alleged to have held up the Tyro State bank at Tyro, Kan., several weeks ago, secured several thousand dollars and escaped.

Hoosier Leaped From Window.

New Orleans, March 24.—Robert Babbington, who registered from Franklin, Indiana, committed suicide here by jumping from a window in the Hotel Grunwald. After pacing up and down one of the hotel corridors for some time in apparent agitation, Babbington dived through a window, falling sixty feet. When picked up he was dead.

BETTER THAN MEDICINE

Breathe Hyomei's Tonic Healing and be Cured of Catarrh.

Nature has a remedy for catarrh, a treatment that is far better than dosing the stomach with medicine and drugs. It is the healing oils and balsams of Hyomei which medicine the air you breathe, reaching the most remote air cells in the nose, throat and lungs, killing all catarrhal germs and restoring health to the mucous membrane.

The use of Hyomei is like a curative internal air bath, and has the same healing and antiseptic effect as the air where the pine forests give off their fragrant and healing balsams.

Breathe the invigorating and healing Hyomei and see how quickly you will get relief from catarrh. If it does not help you there will not be a penny's expense, as Johnson's drug store agree to refund the money if it fails to cure. The complete Hyomei outfit costs only \$1.00.

THE WEATHER
